

Important Notification:

In the event of change in benchmark rate (REPO), the interest rate in Home / Home Related Loan account will also undergo change. Upward revision in the Repo Rate will result in consequent increase of interest rate in the Home / Home related loan. The customer will have following options to negate the effect of rise in Rate of Interest:

- a. To Pay lump sum amount to continue with existing EMI and Tenor.
- b. To Increase the Loan Tenor (within permissible tenor & Age limit).
- c. To Increase the EMI to pay the Loan within the existing tenor.
- d. Combination of any of the above.
